CORPORATE PROFILE

Foodconn

We Connect

Foodconn is a B2B digital marketing & data solutions company, specialized in promoting corporate brands, products and trade deals in the global food industry.

We provide exclusive online trade references that enable professionals in the food industry, connect with the latest product ventures, trade opportunities and market insights.

Foodconn focuses on the global supply but for specific demand geographies.

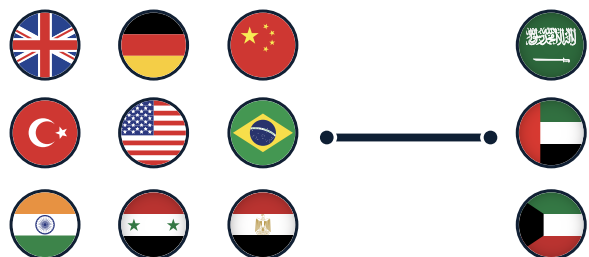

We focus on specific product categories that have a significant trade value in the target demand universe.

This is because Foodconn aims to create meaningful connections between suppliers and demanders that have common trade interests.

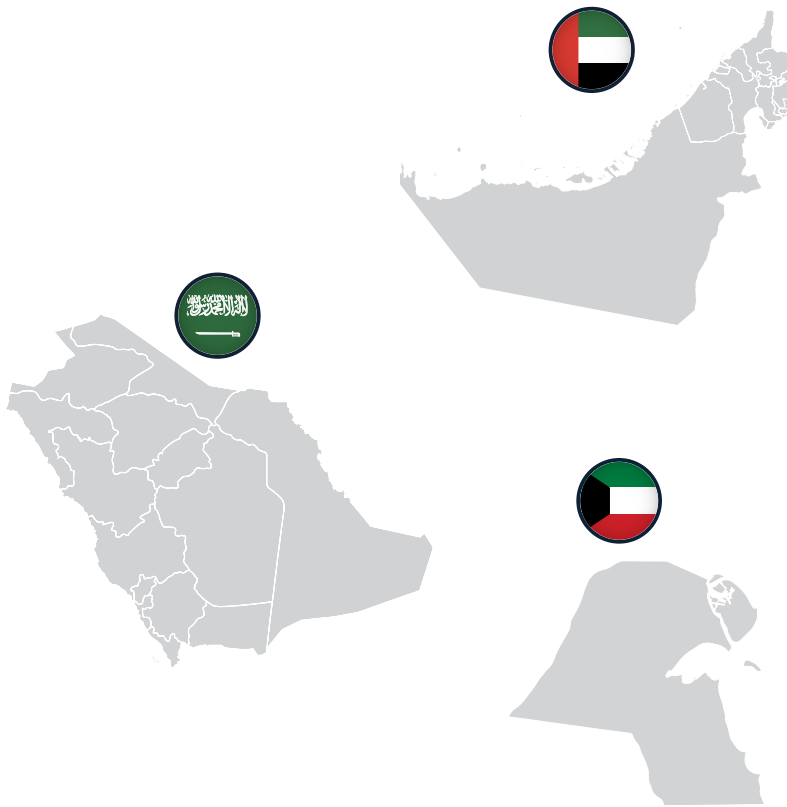

Global
Supply Sources

Target Demand
Markets

+150 countries

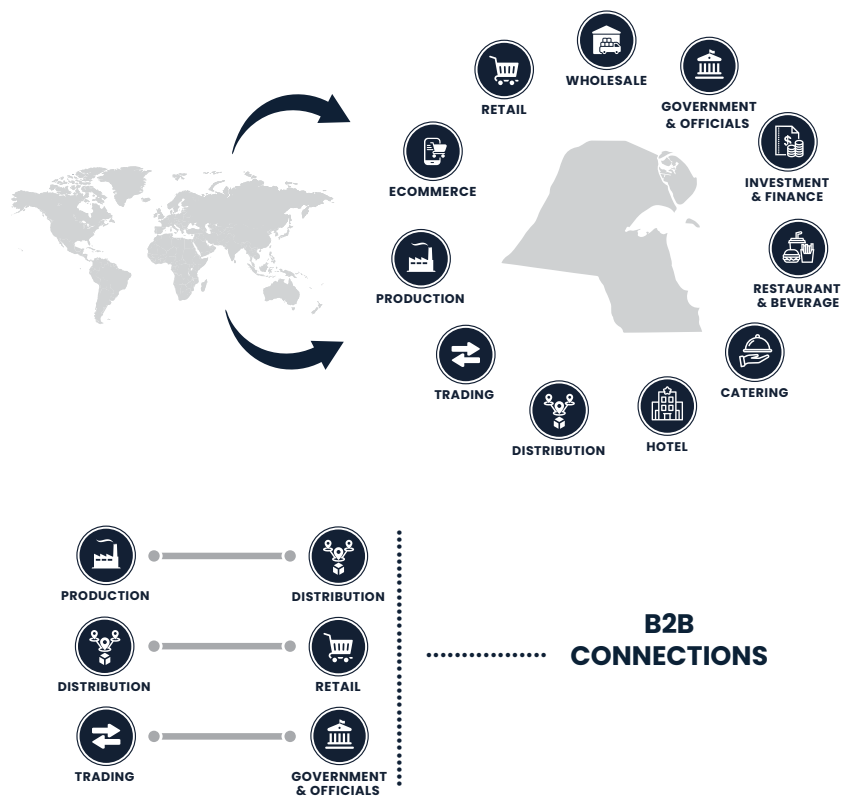

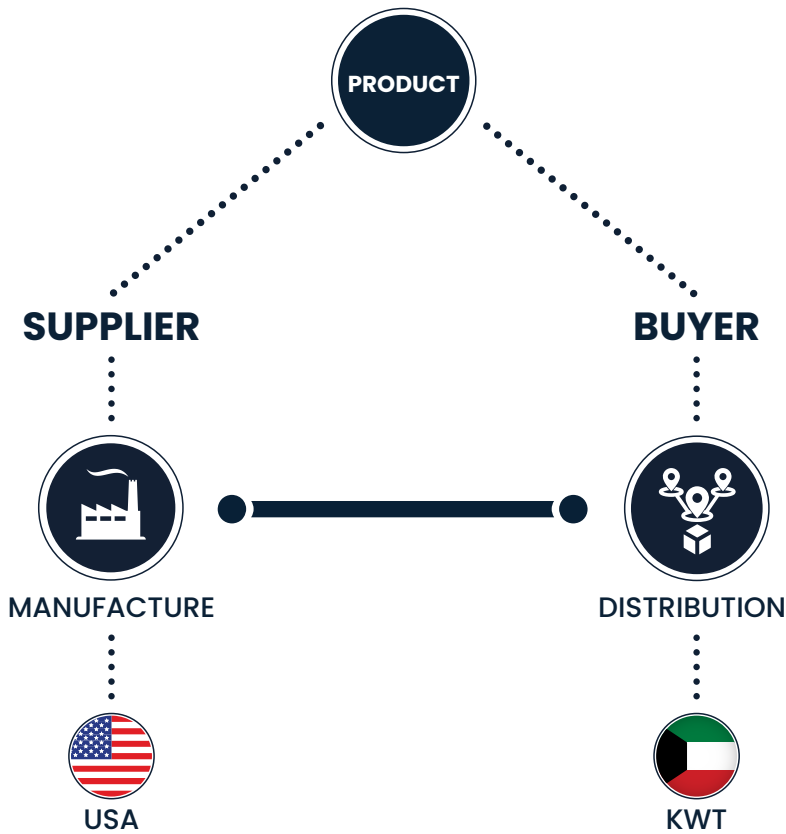

In Foodconn, we focus on the Kingdom of Saudi Arabia, United Arab Emirates and the State of Kuwait as major demand markets, while we look over the global supply to these target demand markets.

Daily trading opportunities in KSA, UAE and KWT are existent at the domestic and global levels. Whether a domestic or a global supplier, we help you promote your trade needs in KSA, UAE and KWT.

Foodconn facilitates B2B trades and product ventures between suppliers and demanders across all business domains in the food industry.

Foodconn creates connections among suppliers and demanders that have common business interests.

Foodconn facilitates connections with a “product” and “geography” focus to ensure that only relevant and meaningful connections are initiated among the companies that have “common commercial interests”.

We employ our own digital marketing channels to facilitate the most relevant connections between sellers and buyers.

These connections are supported by Geo-specific ads and customized reporting tools that enhance the value we create for our corporate vendor members.

Foodconn Newsletters provide our members with focused trade resources and references.

In our periodic release, we showcase distinctive “B2B” product and brand opportunities that can create value for the importers in their respective geographies, in KSA, UAE or KWT.
